Cabin John Watershed Study - Public Meeting

The first public information meeting for the updated Cabin John Watershed Study will be held on Thursday, June 10, from 7-8:30 pm, in the Mayor and Council Chambers at City Hall. City staff and our watershed consultants will present the current stream and watershed conditions that were assessed this spring. We will discuss how these compare to the previous Cabin John Watershed Study's finding from 1996, and explain the next steps of evaluating potential watershed protection projects this summer. The Cabin John watershed covers the central and south areas of the City. All are welcome.
